Aspectology™ Update

August 7 - 9, 2015

**Crimson Circle Studio, Louisville, Colorado
or online with 10 days access to video files**

The Aspectology™ School is being updated! Originally channeled by Tobias in April 2008, it's among the most transformational

classes offered by the Crimson Circle. We're updating Aspectology in August to include comments from Geoff and Linda before each channeled session, as well as additional channels from Adamus. If you've never taken Aspectology, now is the perfect time.

This is the first time we are offering it online. If you've already taken Aspectology and want a refresher, this is a great opportunity to experience the energies again, and get an update too.

Addiction Unplugged

August 15 - 16, 2015

**Crimson Circle Studio, Louisville, Colorado
or on the Cloud Class**

Featuring author John Flaherty and Adamus Saint-Germain

Life can be addictive... Not just drugs, alcohol and tobacco, but also emotions, drama, relationships, low self-worth, lack of abundance and health issues. We get stuck in patterns and then forget why the pattern was originally created. Then, the behav-

ior becomes addictive because it's familiar, comfortable and sometimes deeply ingrained. Addiction Unplugged acknowledges that for far too long,

we have all been playing out a victim consciousness, convincing ourselves that dependency and powerlessness are absolutely fundamental to the human condition. Nowhere is this belief more deeply acted out than in the world of addiction, including the traditional treatment and recovery programs.

END OF THE NEW AGE • With Adamus Saint-Germain

In this series of five special channels recorded in Sedona, Arizona, Adamus talks about what's happening with consciousness on earth and the amazing changes currently taking place. Excerpts from End of the New

Age: "It's the Age of Realization of all this work you've done over your lifetimes to bring in that Christ seed energy, to bring in new levels of consciousness, to bring awareness. It's time now to enter that age, to realize your efforts, your work. It sounds so simple, doesn't it?"

But yet I understand how difficult and chal-

lenging it is. That's why I have chosen to be with you, to remind you of what you are doing – pioneers of consciousness in an Age of Realization."
