**The Threshold
Sparkling Hill Resort
Vernon, British Columbia, Canada
March 20 - 25, 2016**

We're going back to the incredible Sparkling Hill Resort & Spa for the 4th time because it's an ideal location for The Threshold. The Threshold is a premium Crimson Circle event based on what Adamus calls The Threshold of Enlightenment. According to Adamus, our journey on the spiritual path has encompassed many lifetimes, but now we hesitate at the threshold of the realization of enlightenment. During this very intense 5-day gathering, we will dive deeply into our makyō, dragons, distractions, excuses and fears about The Threshold. SES is a requirement and Aspectology is highly recommended.

Ready for some sun and sand?

**BON Adventure
Hawaii (Big Island), Hawaii USA
April 10 - 14, 2016**

We'll start with a lavish Hawaii-style opening dinner on Sunday night, April 10. There will be sessions with Adamus each morning, and then free time in the afternoons to integrate and explore. We'll also arrange some optional afternoon activities such as swimming with the dolphins, and touring the Kilauea volcano, the world's only active "drive-in" volcano. The daily sessions will focus around the BON, the thing that Adamus calls the backdrop of life. We'll also work with Light Body and Mind Integration, and realizing the difference between mental thoughts and consciousness.

Special musical guests – Yoham, with Gerhard, Einat and Amir

This very special Ahmyo Retreat is for Shaumbra who are ready to leave behind the illusion of power, the rigors of duality and the limitations of mental constructs. Adamus will challenge attendees to go beyond self-compromise and interpersonal-negotiation in order to break through into Ahmyo. There are no

pre-requisites for The Ahmyo Retreat but it is intended for those who are committed to embodied enlightenment.

June Shoud - Live from Munich

Bürgerhaus Römerschanz

Grünwald (Munich area), Bavaria, Germany

Saturday, June 4, 2016

This is the first time in the history of Crimson Circle that the Monthly Shoud is broadcast from outside of Colorado. Linda and Geoff will be in Europe at the end of May, so we decided it would be a great opportunity to do a webcast from Munich on the regular Shoud day of June 4. Join us in Grünwald, Southern Germany, right outside Munich for this unique occasion! Meet with other Shaumbra, get together for those precious hugs and smiles. See faces of those who meet with you each month, sitting behind their own screens at their homes, just like you. Yoham – with Gerhard, Einat and Amir – will be playing live music, to make this occasion even more special. We will be broadcasting the Shoud live as usual and invite all Shaumbra around the world to join us, also that group of “regulars” in Colorado.

Opens for public registration March 8

A Day with Adamus in Munich!

Bürgerhaus Römerschanz

Grünwald (Munich area), Bavaria, Germany

Sunday, June 5, 2016

A full day with Adamus, experiences and live music by Yoham, expanding consciousness, and sitting in that familiar energy of Shaumbra. The Professor is the master of distraction and you can be sure he will choose a worthwhile topic to distract you with. These “A Day with Adamus” events are always specific for the attending group, always important launches for consciousness shifts, and sometimes even pioneering into areas no one has explored before.

NEW! Merabh Zone is the latest creation from the musical group Yoham. For nearly ten years Einat, Gerhard and Amir have been sharing their music and spirit with Shaumbra. As in previous Merabh recordings, their music provides a safe space for you to experience yourself, to be with yourself and to allow transformation and a shift of consciousness. Unlike the previous Merabh volumes, Merabh Zone is a

pure instrumental musical experience. It invites you to go on your own journey, to trust your inner guidance and allow your own mastery. Yoham created five distinct and deep musical tracks of around 30 minutes each. Available as an online download.

NOW PLAYING ON THE CLOUD CLASS

In this fast-paced, provocative and multi-layered presentation, Adamus looks not only into the coming year but the coming decade and beyond. Planet Earth is in the midst of monumental changes on all fronts, from technology to medicine, education to religion, food to finance and more. It's not “coming soon,” it's happening now.

Adamus begins ProGnost 2016 by discussing some of the astounding phenomena unfolding before our very eyes, including many changes that were foretold at the Quantum Leap in September 2007. Technological advancement is unfolding at an exponential rate, overtaking the mind's capability to manage, and overwhelming the physical senses.

ProGnost 2016 is based on facts that are happening right now. Adamus lays out a map about what's coming next as the result of exponential advances in technology, and paints a picture of what's on the horizon for humanity. It's information-based rather than fear-based, but it prompts many, many questions about what life will look like in the next few decades. One thing is certain: Our world will change in the years ahead.
