**The Magic of Merlin and Transylvania
Sibiu, Romania**

September 25 - 26, 2015

Adamus Saint-Germain returns to Romania, his childhood home-place, for a two-day event in September. We will explore the Magic of Merlin in beautiful Sibiu, located right at the heart of Romania, on the northern side of the Carpathian mountains, in Transylvania. The medieval Sibiu was named European Capital of Culture in 2007.

In The Magic of Merlin, Adamus will unveil secrets of the Merlins including time distortion and travel, bi-location (appearing in multiple places and realms), using your Pakauwah, making yourself invisible, reflection (mirror) projection, water gazing and much more. Limited to 150 attendees. SES is highly recommended.

After today's Shoud...

The staff will be very busy getting food and drinks ready for the BBQ. Please don't linger in the studio food service area after the Shoud. It's best to go outside to the grassy area where we will be having the party. It will take us about 30 minutes to get everything ready. We'll start serving dinner at about 5:00 PM. You're welcome to use the restrooms in the studio, but please don't eat, drink or party inside the studio. We don't want any damage to the technical equipment or spilled food and drink to clean up. Please use the outside trashcans and ashtrays. It will make our cleanup efforts much easier. OK, now that we have that out of the way..... party like it's Independence Day!

New - A Provocative Five-Part Adamus Series!

In this series of five special channels recorded in June in conjunction with the Kryon Master's Channeling Summit in Sedona, Arizona. Adamus talks about what's happening with consciousness on Earth and the amazing changes currently taking place.

- 1 – Embodied Enlightenment (49:56) - Adamus gives a beautiful summary of our consciousness work over the last several years. He talks about embodied enlightenment and who is responsible for it, as well as mastery, consciousness, energy, allowing and more.
- 2 – The Age of Consciousness (42:28) - Adamus gives an acknowledgment of the joys and challenges we have faced on this journey towards realization. Then he makes the bold announcement that we have reached the end of the New Age, and are now entering into the Age of Consciousness.
- 3 – Relax Into Your Enlightenment (7:29) - In this short message, Adamus invites the listeners to let go of makyō, doubt and questions, and simply relax into their enlightenment.
- 4 – The Purple Elephant (4:50) - Talking about "the big purple elephant" in the room, Adamus acknowledges the other entities but says he will not participate in such an event again until embodied human masters are on stage, rather than disincarnate cosmic beings. He also makes a very interesting point about their perspectives.
- 5 – The Age of Self (57:04) - Beloved St. Germain gives a history of the current age, explaining what was really happening with humanity during the Dark Ages, why the Renaissance came about, and how religion is actually an art form. He declares that we are now entering into the long-awaited Age of Consciousness.
