According to Adamus, our journey on the spiritual path has encompassed many lifetimes, but now we hesitate at the threshold of the realization of enlightenment. During this very intense 5-day gathering, we will dive deeply into our makyo, dragons, distractions, excuses and fears about The Threshold. Addiction Unplugged - In this Cloud Class event, featuring author and addiction expert John Flaherty, and Adamus Saint-Germain, the usual concepts about addiction are turned upside down. According to Adamus, the core cause of ALL addictions is the desire for power. He talks about the addictions that other Masters struggled with, including Tobias, El Morya, Madam Blavatsky and Kuthumi, and adds, "What I'm telling each and every one of you is that sooner or later you're going to have an addiction, and you might as well have fun with it. You might as well enjoy it."

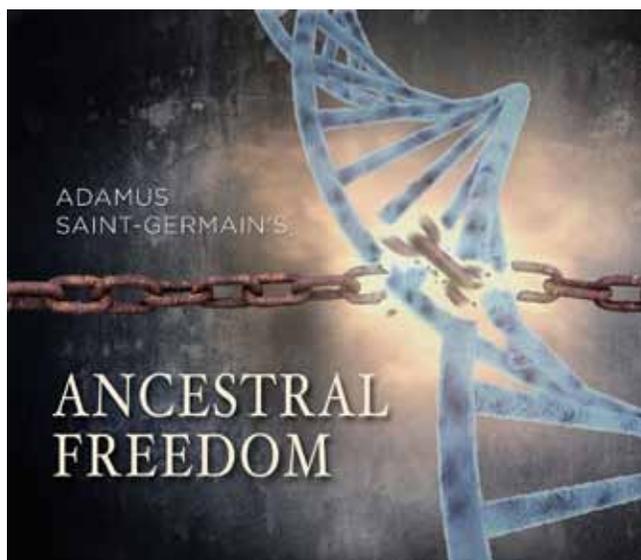

Adamus outlines the various types of addictions, including many different substances, physical addictions such as sex (or even lack of sex), exercise and self-abuse, and mental addictions such as goals, money, leadership, religion and more. He explains how all of us are addicted to life on Earth, due to our huge investment in it over many lifetimes, and that this comes to the forefront as we come into our enlightenment, and what will potentially be our last lifetime on Earth. Adamus clearly states that "Addictions are the direct result of the desire for power."

With many years of working with addicts, John brings a wholly new understanding about the challenges of addiction. He states that it's really all about love and acceptance for self, releasing the judgment and allowing oneself to remember who they really are. Saying that addiction is often triggered by the fear of "not enough," Adamus leads a deep merabh experience that allows you to go far beyond all need for power, addictions, doubt and limitation. Called "Walk On," it is one of the most deeply moving and freeing experiences Adamus has done to date.

Attendee survey results: 96% rated Adamus "Excellent," 4% rated Adamus "Very Good"

Free! In the opening Shoud of the Walk On Series, Adamus Saint-Germain invites listeners on a profound journey. Come along as Adamus guides you through the many, many rooms of your inner mansion, finally coming to the most important treasure of all. Presented to the Crimson Circle on September 5, 2015.

What is holding you back? Why does it seem so hard to change your body, your mind and your life? It is most likely the countless energies and programming that come from your ancestral lineage, both human and angelic.

In Ancestral Freedom, Adamus explains the heritage that you carry, going all the way back to your angelic origins and connections with your spiritual family, through your earthly lineage and bloodline, and up to the present day. Stating that your bloodline affects you even more than your past lives, Adamus invites you to honor and release these ancestral energies. He says, "What we're doing here is so very important. It's a big step – it's a very big step – into enlightenment."

Ancestral Freedom, which includes both a DreamWalk and a Merabh, is core Crimson Circle material and is essential for anyone who has chosen embodied realization. Ancestral energies influence your thoughts, biology, beliefs, habits, tendencies, dreams and more.
