

MUSIC FOR AEROTHEON

Guidelines & Requirements for music submissions

In Illumination Shoud 4, Adamus declared that music can be a way to expand beyond the old gravity into aerotheon, or “Full Spectrum Gravity.” He also said that the most appropriate music for this would be composed and performed by Shaumbra. To support this, Crimson Circle has created a public [YouTube channel](#) specifically for aerotheon music from Shaumbra.

Before submitting your music for consideration, please review these Guidelines and Requirements.

GUIDELINES

- Please make sure you are familiar with what Adamus said about gravity, aerotheon, and this music project in Shoud 4 of the [Illumination Series](#).
- The music must be **original content created by you**. No covers, sampling or submission of materials copyrighted or created by another artist.
- No AI-generated music. Human-generated electronic music is acceptable.
